WORK EXPERIENCE

Credit Analyst [Payment Posting]

Gebbs Healthcare Solutions Pvt Ltd

April 2024 - current / Mumbai, Maharashtra

- Accurately posted payments to customer accounts from various sources, ensuring correct application based on remittance information.
- Conducted credit analysis to assess payment validity, identified credit risks, and provided recommendations for account adjustments.
- Collaborated with the collections department to address issues related to unpaid or underpaid accounts.

MIS EXECUTIVE

TeamSpace Financial Pvt Ltd

October 2022 - March 2023 / Mumbai, Maharashtra

- Oversaw the collection of relevant data from various sources within the organization.
- Analyzed and interpreted data to generate insights supporting strategic decision-making.
- Designed and maintained dashboards to visualize data for quick decision-making.

ANALYST EXECUTIVE

SITEL Group

June 2018 - October 2022 / Mumbai, Maharashtra

- Maintained accurate records of transactions, financial data, and other important information.
- Managed data entry, updates, and maintenance in various databases or systems.
- Created and managed documents, such as contracts, reports, and internal communications.
- Collected and organized datasets from various sources, generated reports, dashboards, and presentations.
- Processed and verified data entries, ensuring accuracy and completeness.

PROJECT:

Bank Loan of Customers:

- Analyzed growth in bank loans using two datasets (.csv files) with 39k rows each. Utilized MS Excel and MySQL for data analysis, cleaning, and removing duplicates. Prepared interactive dashboards using Tableau and Power BI, including calculations and merging data.
- Developed comprehensive project plans, timelines, and budgets, incorporating financial analysis and risk assessments. Continuously assessed and optimized project performance using data analytics and KPIs.
