SUMMARY

Highly skilled and motivated .NET Developer with 3 years of experience designing, developing, and maintaining web applications. Proficient in C#, ASP.NET MVC, Entity framework, JavaScript, ReactJS, NodeJS, MongoDB, HTML, and CSS for full-stack web development. Proven track record of creating efficient and scalable solutions. Passionate about leveraging technology to drive innovation and exceed project goals.

EXPERIENCE

Software Engineer

May '24 — Present

Sodel Software Solutions Private Limited

Navi Mumbai, India

- Developed a dynamic assessment platform for university projects using .NET Core, Entity framework ,JavaScript, AJAX, jQuery, and MySQL.
- Implemented real-time question counting and percentage tracking for accurate assessment results.
- Built responsive, data-driven pages for efficient assessment management and enhanced user experience.

Software Developer

Nov '22 — May '24

Osource Global Pvt Ltd

Navi Mumbai, India

- Successfully migrated three HRMS projects from .NET 4 to 4.8 ,ensuring compatibility and optimisation, leading to a 50% reduction in system errors and a 20% increase in application stability.
- Significantly improved page loading speed from 2-3 minutes to 5-6 seconds, resulting in a 70% increase in user satisfaction and a 25% decrease in bounce rates, consequently enhancing user engagement and retention.
- Developed multiple RESTful APIs using .NET Core within HRMS projects, ensuring seamless integration and data exchange between various modules, and enhancing system efficiency and scalability.
- Combined with .NET Core, ReactJS, and Node.js provide a modern, efficient, and scalable architecture for HRMS projects, ensuring long-term sustainability and adaptability to evolving requirements.

Jr Software Engineer

Apr '22 — Oct '22

Greytrix India Pvt Ltd

Navi Mumbai, India

- Contributed to a CRM project using ASP.NET MVC, ensuring efficient data management and seamless user experience.
- Utilized Git and GitLab for issue tracking and version control.
- Transitioned the project to utilize Node.js and ReactJS technologies for enhanced scalability and performance.

PROJECTS

ViewBlog [Link](#)

Mar '24 Present

- Developed a fully responsive blog application using Node.js, React.js, MongoDB, and Express.js, ensuring a seamless user experience across devices.
- Implemented dynamic content management and RESTful APIs for efficient data storage, retrieval, and user interaction.
- Designed the application with a focus on scalability and performance, optimizing load times and enhancing navigation.

MarketHub [Link](#)

Dec '23 — Mar '24

- Utilized Node.js and Express.js to create a secure and efficient server-side environment for handling HTTP requests.
- Implemented RESTful APIs and integrated MongoDB to store and manage product, user, and order data, ensuring seamless communication between frontend and backend.
- Designed and developed responsive and visually appealing user interfaces using React.js and Bootstrap, focusing on enhancing user engagement and conversion rates.

Portfolio [Link](#)

Mar '24 — Present

- Developed a sleek portfolio site with React.js and Tailwind CSS.
- Highlighted projects, skills, and contact information.

SKILLS

Programming Languages C#, JAVA, JavaScript, SQL, C++, MVC, .Net Core

Development Frameworks ASP.NET, Node.js, .NET Core, ReactJS, Entity Framework, Bootstrap

Version Control Git, Github

Database Management MongoDB, MySQL, Oracle SQL Developer, SQL

IDE and Tools Visual Studio, VS Code, IntelliJ, SQL Server

EDUCATION

B.Sc. in Computer Science, Sanpada College of Commerce & Technology

Jun '17 — Sep '20
Navi Mumbai, India
