## Summary:

Dot Net Developer with 4+ years of expertise in .NET alongside various SQL RDBMS, experienced in leading cross-functional teams.

## Technical Skills:

- **FrontEnd**:- JavaScript, React, Html
- **BackEnd**:- .NET Framework, .NET Core, MVC
- **Database**:- SQL Server, SQLite, PostgreSQL and MongoDB

## Experience:

**Software Engineer** - EECI | May 2023 - March 2024

- Created & Managed Windows Forms Applications, enabling efficient functioning of data from hardware machines resulting in 15% reduction of data loading.
- Engineered C/C++ libraries to ensure faster data flow to and from the machine which helped make the overall application smoother.

**Dot Net Developer** - D2K Technologies | March 2022 - April 2023

- Engineered API's for Web and Mobile applications using .NET Core, ensuring seamless flow of data through API's.
- Provided training and guidance to developers, empowering them to make independent choices.
- Worked alongside various teams to provide quick and efficient solutions.

**Web Developer** - LearningMate Solutions | Aug 2019 - March 2022

- Designed various E-learning content and provided adequate support.
- Managed teams for various projects delivering quality work.

## Projects:

**Live Data Reader** - FrontEnd & BackEnd Development

TechStack: C#, .NET Framework 4.6 & 4.7, Windows Forms, SQLite

- FrontEnd development done using windows forms for creating simple yet intuitive user interface.
- Backend implementation done with C# for reading data from machines, decoding the data for easier processing, displaying the data on frontend using different chart types for better experience.

**Loan Application** - Backend Development & API

TechStack: C#, .NET Core 2.0, MVC, SQL Server, Postman

- API creation was done using MVC architecture in .NET Core using C# as base language.
- All database related operations were done using stored procedures in SQL Server.
- Using Postman for testing of all API's.

## Education:

**Mumbai University**, Bachelors Degree in Information & Technology | July 2015 - Jun 2019
