CURRENT OBJECTIVE

To be part of a Growing Organization, where I can enhance myself as a developer as well as contribute towards the growth of the company and also in parallel imbibe the skills that help me in carving a better career.

CAREER SUMMARY

- IT Professional, having **8.5+** years of experience as a software developer and have worked on various technologies like **Oracle PLSQL and PostgreSQL, MS SQL Server, DB2.**
- Experience in Building schemas, Managing db Objects (tables, views, materialised views, Indexes, trigger, scheduler Jobs, Table Partitioning)
- Highly proficient in developing and understanding complex stored procedures and functions in PL/pgSQL, PL/SQL and TSQL.
- Actively involved in Requirement analysis, Development, Functional testing and Deployment
- Excellent analytical and interpersonal skills with good exhibition of qualities like **planning, problem solving,** and **flexibility** to new concepts and environment.
- Strong Analytical skill, accepting challenges, focus in detailing of each module.
- Excellent **communication** (written and verbal) **skills.**
- Leading a team and working as a part of a team to achieve common goals of the organization.
- A strong background in Database Architecture, Design, Data Modelling and Administrator.
- Optimising SQL queries, stored procedures to improve the performance.
- Working on the PostgreSQL JSON objects, stored procedures, functions and other database objects
- Knowledge AWS RDS and other AWS WEB Services.
- Good Exposure to **Pentaho Data Integration.**
- Good Knowledge in creating and maintaining different types of data base object like **Tables, Constraints, Views, Materialized views, Indexes and Sequence .**

WORK EXPERIENCE

- **Crisil Ltd:-** Working with Crisil Ltd (client location) as Senior Software Engineer from **June 2021 till Present**.
- **Sportz Interactive pvt ltd:-** Working with Sportz interactive private limited as Senior Database Developer from **Feb 2017 till APR 2021**.
- **Base Information Management Pvt Ltd:-** Working with Base Information Management Pvt Ltd as Database Programmer from **May 2015 till Feb 2017**.
- **Finacus Solution Pvt Ltd :-** Working with Finacus Solution Pvt Ltd as Software Implementor from July 2013 to May 2014.

TECHNICAL SKILLS

Database: PostgreSQL (9.6,11.5,14,15) and Oracle 12c,11g, MS SQL Server 2012

Database Tools: DBeaver, Oracle pl sql Developer, pgAdmin,TOAD,PL/SQL Developer,sql plus

Programming Language:- SQL and PL/SQL,Postgresql and pg/sql,T-sql,Pythone

Operating Systems: Windows 2000/XP, Linux

Cloud Plateform: Amazon Web Services (AWS)

ETL Tools:- Pentaho, Talend

BI Tools:- Jasper, Cognos

PROJECT DETAILS

Project : ROW(Ratings Operation Workflow), Customer connect and Nexera mobile app

(June 2021 till Present)

Role: Software Engineer

Technology: PostgreSQL

ETL Tools:- Pentaho Data Integration ,Talend

ROLES & RESPONSIBILITIES:

- Create Postgres Tables ,views ,Procedure ,Function ,Triggers based on requirement.
- Effectively managed a team of 3 Associates.
- Delegate tasks according to the strength and preference of the associates.
- Work closely with the business team and technical team to ensure smooth flow of the BAU activity.
- Data migration done from on prem server to cloud postgresql database.
- Involve in application revamp process requirement gathering with business team for new modules and enhancement in the application.
- Involve In deployment activity upgradation of application.
- Worked to resolve team issues in solving processes and handling of the issues.
- Creating and managing ETL jobs in Pentaho from on prem server to cloud in house application.
- Manage all the Tables, Views, Triggers, Store procedures and functions pertaining to the application scope.
- Observe frequently occurring issues and intimate to the development team to fix it.
- Working on Talend and Pentaho Data Integration for Build complex ETL.
- Develop Data Marts for dashboard.
- Working on the plpgsql Functions, procedures, views and performance tuning.
- Working On Database Architecture as per the requirement.
- Created pl/pgsql functions to return table, set of refcursors and Json's to java application.

Project : CMS (Content Management System),Layout Builder ,Wah Cricket, Indian Super League, Reliance Foundation Youth Sports, Procam running, Stepathalon, Zeven, Kings XI Punjab, Push Notification, Yahoo Cricket, Khelo India,Hockey India,Pro Kabaddi.

Feb 2017 till Apr 2021

Role: Senior Database Developer

Technology: Postgres Database

ROLES & RESPONSIBILITIES:

- Worked on DB Maintenance Activities like Vacuum, Re-Index and Analyze of DB Objects.
- Used EXPLAIN and EXPLAIN ANALYZE to identify and fine tune SQL Queries.
- Worked on Table Partition for large scale of data.
- Experience in resolving production issues in minimal time and provided optimal solution.
- Worked on aggregate functions, windows function, analytical functions and Postgres sql extensions.
- Worked on PostgreSQL Json objects and array datatypes.
- Worked on database, schema and table level backup and restore using pgdump ,pgrestore,pgadmin.
- Worked on AWS RDS for restore database backup and check the slow queries logs and monitored the rds console.
- Create Users, Roles, User attributes, Privileges, Groups, Schemas, Database and worked setting search path to schemas.
- Created Postgres tables, views, Procedures, Function, Triggers Based on the requirement.

Project : ERP For manufacturing ,CRM, Work flow Application and Data Analytics

Mar 2015 till Feb 2017

Role: Database Programmer

Technology: Oracle PLSQL ,Jasper BI

ROLES & RESPONSIBILITIES:

- Extensive experience in SQL and PL/SQL.
- Good Knowledge in creating and maintaining different types of data base object like **Tables, Constraints, Views, Materialized views, Indexes and Sequence**
- Good experience in **Functions, Procedures & Packages, Exceptions Handling, Cursors.**
- Good exposure to Join, sub query, Co-related sub query, Inline view.
- Expertise in Composite data types like **PL/SQL table, Varray.**
- Understanding and adapting quickly to different **business organization's needs.**
- Developed **SQL Queries** for the manipulation of data.
- Created PL/SQL **stored procedures, functions and packages** for moving the data from staging area to data mart.

SCHOLASTICS

- Bachelor of Computer Science with Second class in Mar 2013 from Mumbai university.
- Passed H.S.C. with First class in Mar 2010.
- Passed S.S.C. with distinction in Mar 2008.

PERSONAL DETAILS

- **Date of Birth:** 24 Feb, 1992
- **Gender:** Male
- **Languages Known:** English, Hindi, Marathi
- **Nationality:** Indian
- **Address:** B/402,Meghdoot chs ,Mhada colony Bimbisar nagar Jogeswari (East)
