Diploma in Electronic & Telecommunication from Maharashtra State Board of Technical Education.

SSC from Maharashtra State Board of Secondary and Higher Secondary Education.

## PROJECTS

### ✓ Projects undertaken during work tenure in AveCircle Technologies

#### Project Title : Children schooling Loan

**Environment :** Java, Spring, Spring Boot, Web Service, Spring Data JPA, REST API, MySQL, Angular.

**Role :** Java Developer

**Description :** The education of their Children is a critical goal for almost all Indian parents. However, while providing the best education is priority, not many parents may actually be able to meet this goal. This is because the cost of education has been spiraling over the years, with education inflation pegged at a whopping 10%. Starting to save early is critical. If parents start to save for their child's education immediately after the birth of the child, they would have 18 years to save for graduation and 21 for higher studies.

#### **Responsibilities:**

- Writing controller, Services and Dao layer java classes in spring boot.
- Understanding use cases and translates them into functional requirement.
- Implementation of DAO classes for interaction with request and response.
- Development, bug fixing, issues, requirement understanding and Exception Handling.

### ✓ Project Title : Veena Travels And Tours

**Environment :** Java, Spring, Spring Boot, Spring Data JPA, REST API, MySQL.

**Role :** Java Developer.

**Description :** This application allows users to book bus tickets from anywhere and anytime the user can easily book their tickets and cancel tickets. The user can view all of the website, bus, and drive. The user can also view the details of the journey and the details of the journey timings.

#### **Responsibilities:**

- Writing Controller, Services and dao layer java classes in Spring boot.
- Developing the Repositories for accessing the Database
- Implementation of DTO classes for interaction with request and response.
