Summary

As a .NET developer with 2 years of experience, I specialize in building robust and efficient back-end systems using .NET technologies. My solid understanding of core .NET concepts allows me to develop powerful solutions for various projects, including enterprise applications. I am dedicated to delivering high-quality code and pay close attention to detail in every aspect of my work

Work Experience

I have accumulated 2 years of valuable experience as a Dot Net Full Stack Developer at TSS Consultancy Pvt. Ltd. since Jan 2022, and I continue to be an active member of the team to this day.
