PROJECTS

CMS- Contract Management System

📅 11/2023 - 05/2024 📍 Airoli,Navi Mumbai

- Designed and implemented a comprehensive Contracts Management System (CMS) featuring a role-based workflow to streamline contract creation, approval, and documentation.
- Enabled sales executives to initiate contract creation, followed by sequential approvals from Sales Head, Legal, Risk, and Finance department heads. Ensured parallel approvals from Legal, Risk, and Finance to expedite the process.
- Utilized ASP.NET Core and SQL Server for backend development and data management.
- Implemented dynamic and responsive frontend using HTML, CSS, Bootstrap, jQuery, and AngularJS.
- Integrated SharePoint for effective document management.

EMS- Expense Management System

📍 Goregaon,Mumbai

- Managed trips and their expenses through a comprehensive system, initially developed in Web Forms and migrated to ASP.NET Core.
- Utilized ASP.NET Core and Web API for backend development and service integration.
- Designed responsive and user-friendly frontend using HTML, CSS, jQuery, and AngularJS.

CRM - Customer Relationship Management.

📍 Goregaon,Mumbai

- Developed a comprehensive CRM system for managing customers, hospitals, and pharmacies.
- Implemented scheduling features for Medical Representatives (MRs) to coordinate meetings with doctors.
- Utilized ASP.NET MVC and SQL Server for backend development and data management.
- Designed responsive and user-friendly interfaces using HTML, CSS, Bootstrap, jQuery, and AngularJS.

EXPERIENCE

Full stack Dot net developer.

Blue zone system private limited

📅 05/2022 - 07/2024

- Developed and maintained web applications using C# MVC And Core implementing efficient data handling, server-side logic, and front-end integration.
- Created RESTFUL APIs for faciliating secure communication between front end and backend systems.
- Designed and optimized SQL queries and stored procedures in MSSQL to improve data retrieval performance and ensure data integrity.
- Troubleshoot and debug applications.
- Engaged directly with clients to understand their needs, provide regular updates, and address concerns, ensuring successful project outcomes and high satisfaction levels.
